IN OUR KITCHEN YOU WILL FIND ALL YOU NEED TO RUN YOUR FOOD SKILLS LESSONS.

There are eight (8) stations plus a presentation station with fully equipment technical gear (presentation screens, microphones, telephone and meeting options), along with a commercial dishwasher and refrigerator.

Each station contains: a gas stovetop and oven, domestic kitchen utensils, pots and pans, stick blender and mixer, adjoining sink and cleaning area.

There is also the option to add in the adjoining, multipurpose room.

This will give your group the opportunity for practical and written activities if you require.
